

### REMARKS

Applicants are submitted a substitute specification herewith (along with a marked-up copy of the English translation of specification (as filed) as amended). Applicants have merely corrected the specification to place it in a better U.S. application format. For example, Applicants have removed non-U.S. headings and replaced them with U.S. type application headings. Applicants have also put the paragraph numbers with the actual paragraphs, removed line numbers, moved the brief description of the drawings to the appropriate place in the specification, and changed the spacing to double spaced.

No new matter has been added. Accordingly, it is requested that this amendment be entered.

If any fee should be due for this amendment, please charge our deposit account 50/1039.

Favorable consideration is earnestly solicited.

Respectfully submitted,
